Course Description

Students work for college credit in a professional environment related to their particular track in
the computer science and technologies program. The intent is to give students an appropriate work
experience that will expand their knowledge and aid them in making career decisions. A limited
number of internships are available through the program each semester, or the student may
propose an internship. A comprehensive record of the work experience is kept by the student and
discussed in seminar meetings.
***PREREQUISITE(S)*:** *Consent of internship coordinator and a minimum of 12 semester hours in*
program area. An internship will involve a minimum of five hours of work experience per semester
hour each week for 15 weeks. May be repeated for a maximum of four credits. Eight hours of
seminar discussions each semester. Formerly CS 269.

1-4 semester hours

Course Outcomes

#	Upon completion of the course, the student will be able to:
1.	Clearly articulate (verbally and in writing) the duties of their job and how they relate to their program of study.
2.	Develop new and/or reinforce previously learned skills and knowledge related to their program of study in a work environment.
